NAV has approved your application for 80 per cent parental benefit

Name: FURHOLT RICHARD I OCHOA

National identity number: 04068528157

We have reconsidered your case, and you are entitled to parental benefit. We have therefore changed the decision you previously have received.

You will receive 461 kroner per day before taxes starting from 4 November 2019. This is 9,988 kroner on average per month. The last day you will receive parental benefit is 6 January 2020.

Your employer pays you wages while you are on leave. The remainder of the parental benefit will be paid by NAV within the 25th of each month. Check your payments at nav.no/utbetalinger.

The other parent is not entitled to parental benefit. You will therefore be granted the whole parental benefit period.

You have lone care for the children and will therefore be granted the whole parental benefit period.

We have extended the parental benefit period by 5 weeks because you are adopting more than one child.

We have granted the following

- You will receive 50 per cent parental benefit from 4 November 2019 up to and including 6 December 2019.

We have reduced the amount you receive because you are working during this period. Even though you are working during this period, you will not be entitled to an extension of your parental benefit period. At least six weeks must have passed since the birth before you can combine parental benefit with work and get a longer period of parental benefit.

- You are taking 50 per cent parental benefit from 4 November 2019 up to and including 6 December 2019 because you are working 50 per cent at BOUVET NORGE AS AVD STAVANGER. In this period you will receive 461 kroner per day before taxes.

The parental benefit amounts to the same as before. Check your payments at nav.no/utbetalinger.

There are 60 days remaining of the parental benefit period. You must apply for these days by 27 March 2020.

We have denied the following

- You cannot postpone parental benefit from 10 December 2019 up to and including 23 December 2019 because you are receiving attendance allowance in this period.

Periods before the due date cannot be postponed because you gave birth before the 33rd week of pregnancy.

- You are not entitled to parental benefit from 24 December 2019 up to and including 24 December 2019.

You must apply no later than three months after the period of parental benefit started. You applied on 20 November 2019. You will therefore have 2 fewer days with parental benefit.

- You are not entitled to parental benefit from 27 December 2019 up to and including 31 December 2019.

You must apply no later than three months after the period of parental benefit started. You applied on 20 November 2019. You will therefore have 1 day less with parental benefit.

- You have not applied for parental benefit or postponement from 2 January 2020 up to and including 6 January 2020. You have therefore lost 1 day.

The decision has been made in accordance with the National Insurance Act Sections 14-11 and 14-12.

Because you have chosen 80 per cent parental benefit, you will be paid less per month.
