NAV has approved your application for 80 per cent parental benefit

Name: FURHOLT RICHARD I OCHOA

National identity number: 04068528157

We have reconsidered your case, and you are entitled to parental benefit. We have therefore changed the decision you previously have received.

You will receive 461 kroner per day before taxes starting from 4 November 2019. This is 9,988 kroner on average per month. The last day you will receive parental benefit is 6 January 2020.

Your employer pays you wages while you are on leave. The remainder of the parental benefit will be paid by NAV within the 25th of each month. Check your payments at nav.no/utbetalinger.

The other parent is entitled to parental benefit. You will therefore not be granted the whole parental benefit period.

You do not have lone care for the children and will therefore not be granted the whole parental benefit period.

We have extended the parental benefit period by 5 weeks because you are adopting more than one child.

We have granted the following

The parental benefit amounts to the same as before. Check your payments at nav.no/utbetalinger.

There are 60 days left of your quota and 11 days left that you can both take. These days must be applied for by 27 March 2020.

We have denied the following

- You cannot postpone parental benefit from 4 November 2019 up to and including 6 December 2019 because less than six weeks have passed since your children were born.
- You cannot postpone parental benefit from 10 December 2019 up to and including 23 December 2019.

In order to postpone parental benefit on grounds of illness, you must be fully dependent on help to be able to take care of the children due to your own illness. The medical certificate from your doctor does not indicate that this is the case. You will therefore be

paid the parental benefit for the period.

- You cannot postpone parental benefit from 24 December 2019 up to and including 24 December 2019 because you have applied too late.

In order to be entitled to postpone parental benefit, you must apply before starting work.

- You cannot combine parental benefit with work from 27 December 2019 up to and including 31 December 2019.

Because you work in a full time position or more, you cannot take out parental benefit at the same time, but you may postpone the period.

- You cannot combine parental benefit with work from 2 January 2020 up to and including 6 January 2020 because you are not working.

The decision has been made in accordance with the National Insurance Act Sections 14-11 and 14-12.

Because you have chosen 80 per cent parental benefit, you will be paid less per month.
